

```
std::array< byte, sizeof(T)>
```

A diagram illustrating inheritance. A red arrow points from the bottom box to the top box. The top box contains the code `std::array< byte, sizeof(T)>`. The bottom box contains the code `KBLIB_NS::detail_direct_map::storage_for< T, bool >`.

```
KBLIB_NS::detail_direct  
_map::storage_for< T,  
bool >
```
