

```
std::array< byte, sizeof(T)>
```

A diagram illustrating inheritance. A red arrow points from the bottom box to the top box. The top box contains the text 'std::array< byte, sizeof(T)>'. The bottom box contains the text 'kblib::detail_direct_map::storage_for< T, bool >'. The bottom box has a light gray background.

```
kblib::detail_direct  
_map::storage_for< T,  
    bool >
```
